Social Inclusion Action Group

FRANKSTON

Orwil St Community House INC are excited to be working with Belvedere Community Centre, FCC, BSL and Community Leaders with a disability to deliver an incredible social inclusion project. With funding from the Social Inclusion Action Group Frankston over the next two years we will support emerging leaders with disability to become empowered and build a sustainable model for inclusive community engagement.

We want to hear from people with a disability who are interested in establishing a Peer Action Group program in Frankston. You'll receive training and support from skilled facilitators, this is where Belvedere's experience in developing and delivering training comes in.

The Project will focus on growing the skills, knowledge, and networks of local emerging leaders with disability, offering real-world experience in advocacy, event management, and leadership. A major highlight will be two International Day of People with Disability events - co-designed and led by people with disability.

If you are an emerging leader with a disability and this sounds like something you would be interested in being involved in, please give us a call on 9783 5073 or email info@orwilst.org.au.
